Federal Hotel/Motel Discount Directory

January 1982

General Services Administration
Transportation and Public Utilities Service
Washington, DC 20406

This is the second edition of the General Services Administration's **(GSA)** ***Federal Hotel/Motel Discount Directory.*** This edition contains listings for over 1,700 lodging establishments in more than 600 cities, in all 50 states, the District of Columbia, and the Commonwealth of Puerto Rico. Each establishment has agreed to provide quality rooms at the rates contained in this directory to Federal employees on official business, on a space-available basis. Use of these hotels and motels can result in significant savings to the Government, as well as to the Federal traveler. (Use of the discount lodgings, however, is voluntary. Your actions will determine the savings achieved.)

GSA has been in the forefront of efforts to obtain discounts for Federal travel. In addition to the hotel/motel program detailed in this directory, **GSA**, with the assistance of the Military Traffic Management Command, Department of Defense, has arranged for discounts on most heavily traveled domestic airline city-pairs and for a 20 percent discount on Metroliner coach service between Washington, D.C., and New York, N.Y. **GSA** also publishes the monthly ***Federal Travel Directory*** which details the available airline contract schedules, Metroliner schedules, ground transportation information and hotel/motel information for cities served by our airline contracts. This hotel/motel directory is an outgrowth of the ***Federal Travel Directory.***

These initiatives are expected to save the Federal Government in excess of $50 million in the next year. We hope that this directory—which will be updated semiannually—as well as other **GSA** travel programs, will help you to increase the cost efficiency of Federal travel.

GERALD P. CARMEN
Administrator of General Services

Federal Hotel/Motel Discounts Directory

How To Obtain Copies of the Directory

The directory is designed for use by Federal personnel responsible for planning and approving Agency travelnot for use by individual employees. Copies have been distributed to headquarters offices of all Federal agencies and should be obtained from them. If copies are not available from the appropriate agency, administrative officials may write to the Office of Transportation and Travel Management (TT), General Services Administration, Washington, D.C. 20406.

How To Use the Directory

Discount lodgings are listed in the directory alphabetically by state, by city within each state, and by hotel/motel name within each city. The first page of a state tabulation is shown in the table of contents.

All rates are for one day and single occupancy. Unless otherwise noted, they are in effect through June 30, 1982, and all days of the week.

Each entry has a local telephone number and a mail address with the post office zip code for user's convenience in making reservations. The telephone area code appears with the city name.

The last line of some entries shows the distance to the nearest airport. New York and Washington, D.C., entries may include the following airport identity codes: BWI, Baltimore-Washington International; JFK, John F. Kennedy; EWR, Newark, N.J., and LGA, La Guardia. A ● in front of the hotel or motel name indicates free limousine service.

Reservation Reminders

To avoid inconvenience to the traveler and misunderstandings with hotel/motel managers, make reservations as soon as trips are scheduled, ask for the Federal discount rate, and confirm the expected daily charge. Advise travelers to carry Federal identification and to remind the registration clerks that they are Federal travelers when they check in.

Suggestions, Commendations, and Complaints

The regional offices of the Transportation and Public Utilities Service (TPUS) shown below negotiated the original discount rates for each establishment in the *Directory* and will renegotiate future rates. They need to know if you encounter a substandard quality of lodging or are overcharged. A commendation for an establishment's special helpfulness or good service or a suggestion for an improvement in discount listings or arrangements should be forwarded to the same regional office. Contact the appropriate office for the city you are visiting as shown in the list below. Ask for the Director of the Transportation and Travel Management Division, TPUS, U.S. General Services administration.

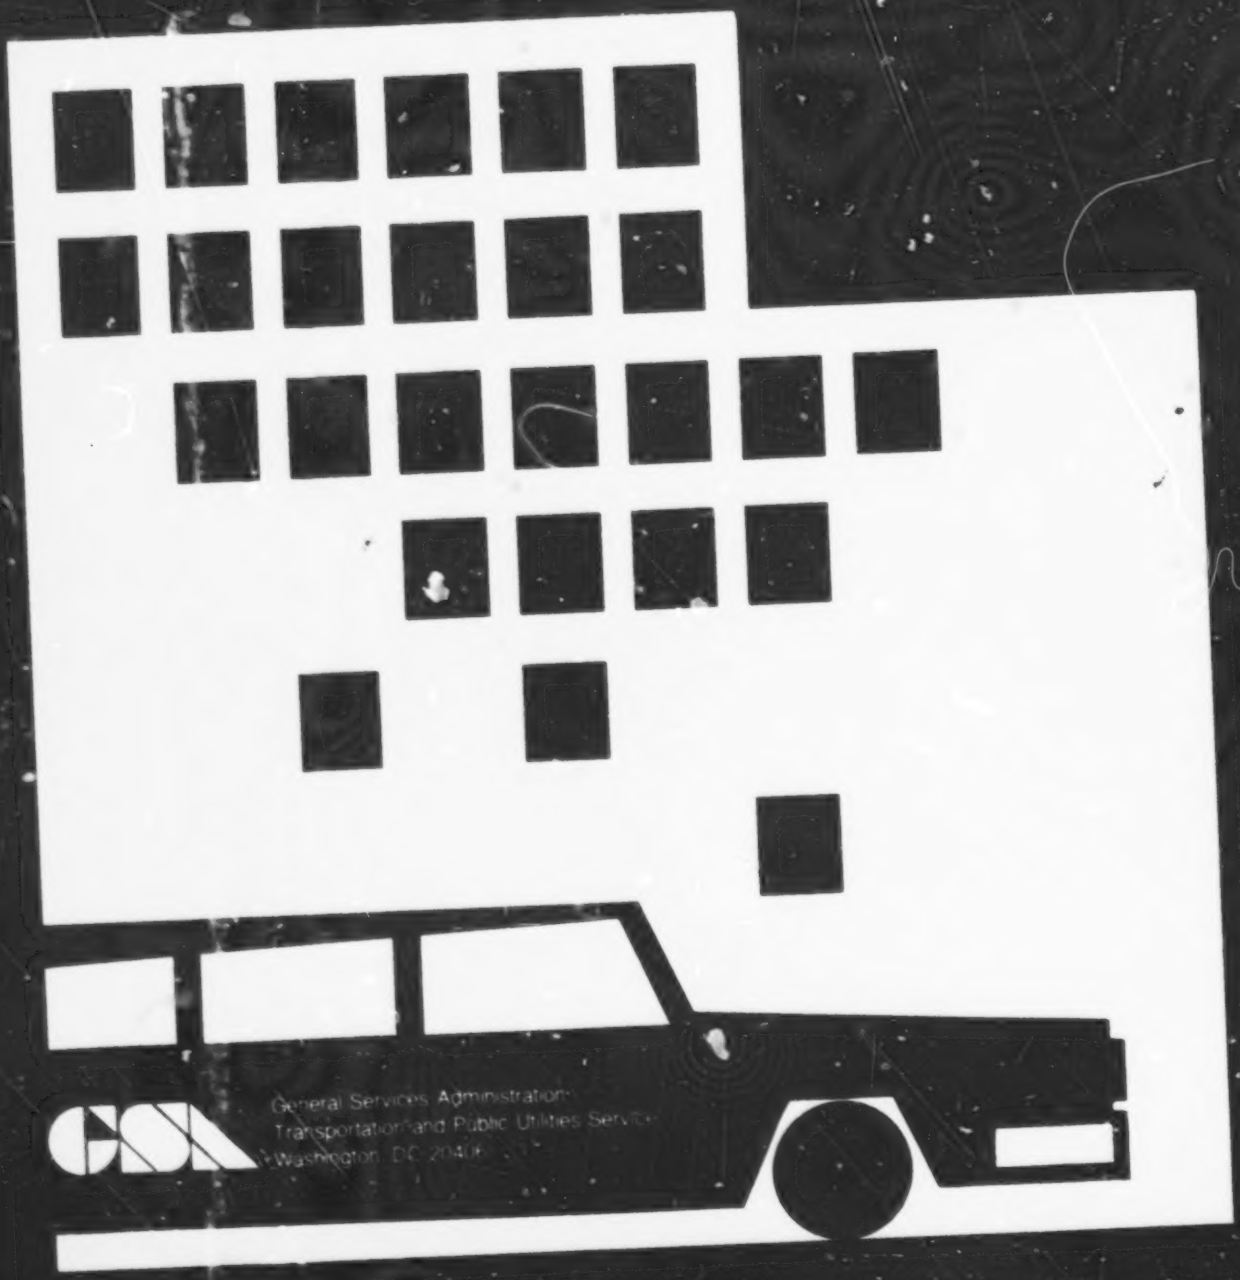
Federal Hotel/Motel Discount Directory



General Services Administration
Transportation and Public Utilities Service
Washington, DC 20406

To the Federal Traveler and Travel Manager:

Economy is a paramount concern of this Administration, so the General Services Administration **(GSA)** has prepared this third edition of the ***Federal Hotel/Motel Discount Directory*** to continue aiding you in conserving travel funds, which are taxpayer dollars.

This edition of the ***Discount Directory*** lists more than 2,200 lodging establishments in more than 700 cities in all 50 States, the District of Columbia, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands. For Federal employees on official business, each establishment listed has agreed to provide quality rooms, on a space-available basis and at the discount rates shown in the ***Directory.***

GSA continues to be in the forefront of efforts to obtain discounts for Federal travel. While administering the program detailed in this ***Directory,*** **GSA** has obtained the assistance of the Military Traffic Management Command, Department of Defense, in expanding a program that includes discounts on domestic airline services between heavily traveled city pairs. **GSA** has obtained discounts on AMTRAK metroliner coach service between Washington, D.C., and New York City, as well as on seven additional routes.

The ***Federal Travel Directory,*** published monthly by **GSA,** includes schedules for the airline and AMTRAK services and information on ground transportation available through **GSA** programs. The ***Hotel/Motel Discount Directory,*** which will be updated semiannually, is an outgrowth of that publication.

These programs are meeting objectives of this Administration. They have made travel arrangements for Federal employees more efficient and convenient. Most important, though, is the economy these programs provide. They could save the Federal Government at least $60 million over the next year.

Since individual business requirements vary, use of the discount lodgings listed in this ***Directory*** is not mandatory. Because of the savings, however, and the additional benefits, all Federal travelers and travel managers should make every effort to participate in GSA's discount lodging and travel programs.

Federal Hotel/Motel Discount Directory

How To Obtain Copies of the Directory

Federal agencies have been invited by the Transportation and Public Utilities Service (TPUS), General Services Administration (GSA), to purchase their *Directory* requirements in bulk from the Government Printing Office at cost and distribute them to their own travel management personnel.

Private individuals and those Federal employees who want personal *Directory* copies should contact the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. The commercial telephone number is (202) 783-3238; the Federal Telecommunications System (FTS) number is 783-3238.

An annual subscription for semiannual issues in January and July costs $4.50 in the United States and $6.90 in other countries. A single copy is $3 in the United States and $3.75 elsewhere.

How To Use the Directory

Discount lodgings are listed in the *Directory* alphabetically by State, by city within each State, and by hotel/motel name within each city.

All rates are for one day and single occupancy. Unless otherwise noted, they are in effect through December 31, 1982, and all days of the week.

Each entry has a local telephone number and a mail address with the post office zip code for user convenience in making reservations. The telephone area code appears with the city name. The last line of some entries shows the distance to the nearest airport. New York and Washington, D.C., entries may include the following airport identity codes: BWI, Baltimore-Washington International; JFK, John F. Kennedy; EWR, Newark, N.J.; and LGA, La Guardia. A ● in front of the hotel or motel name indicates free limousine service.

Reservation Reminders

To avoid inconvenience to the traveler and misunderstandings with hotel/motel managers, make reservations as soon as trips are scheduled, ask for the Federal discount rate, and confirm the expected daily charge. Travelers should carry Federal identification and remind the registration clerks that they are Federal travelers when they check in.

Suggestions, Commendations, and Complaints

The regional offices of the Transportation and Public Utilities Service (TPUS) shown on the next page negotiated the original discount rates for each establishment in the *Directory* and will renegotiate future rates. They need to know if you encounter a substandard quality of lodging or are overcharged. A commendation for an establishment's special helpfulness or good service or a suggestion for an improvement in discount listings or arrangements should be forwarded to the same regional office. Contact the appropriate office for the city you are visiting as shown on the next page. Ask for the Director of the Transportation and Travel Management Division, TPUS, U.S. General Services Administration.
